

Open Access Policy

We follow the Open Access way in journal publishing. This means that our journals provide immediate open access for readers to all articles on the publisher's website. The readers, therefore, are allowed to read, download, copy, distribute, print, search, link to the full texts or use them for any other lawful purpose. The operations of the journals are alternatively financed by fees/charges paid by authors or by their institutions or funding agencies. All articles published are open-access articles distributed under the terms and conditions of the Creative Commons Attribution license.

International Journal of Management, Sciences, Innovation, and Technology IJMSIT provides immediate open access to its content on the principle that making research freely available to the public supports a greater global exchange of knowledge.
